

Basanta Utsava Victoria Institution (College) 2024

Basanta Utsava literally means the 'celebration of spring'. This tradition of joy started to be celebrated in almost all educational institutions. In this year 2024, the students of Victoria Institution (College) organised a cultural program regarding the colors of the festival along with Teachers. Later in the day, on Basanta Utsava, the students as well as the teachers apply colored powders on each other. This powder is popularly called *abeer* (abhor). Following the coloring tradition, the entire premises of the university gets filled with the colours of *abeer*. The air is filled not only with a number of vivacious colors, but also with the feeling of joy and hope, making the entire atmosphere delightful. Our respected Principal Madam was also present in the programme.

Few Glimpses of Basanta Utsava, 2024
