

Poster Presentation on Evolution of Geographical Thought by Geography Department, VIC

Department of Geography organized a group poster presentation on the paper, “Evolution of Geographical Thought”, CC 13 (Practical) by the student of Sem 6 GEOA (CBCS) in Room No. 7 on 18th July, 2024. Four groups of students consisting of seven students and six students of two groups demonstrated their respective posters group wise on the topics of Behavioural Approach, Humanistic Approach, Determinism and Possibilism. The students discussed about the above mentioned posters with great enthusiasm and explained the basic concept with proper examples. They also answered the relevant questions asked by the teachers. The Talk show on the poster presentation was quite interesting and interactive in nature.
