## *Message from the Principal*

Victoria Institution (College) emerged at a time when women were subjected to systemic oppressions and gender-based discriminatory practices. Its founders, Brahmananda Keshub Chandra Sen and his daughters, Maharani Suniti Devi and Maharani Sucharu Devi, recognised the importance of education as means to empower women. In 1932, Victoria Institution (College) was established with the aim to foster women's holistic growth and emancipate them from the shackles of stereotypes and marginalisation. With a glorious history that spans several decades, the college today carries forward a rich legacy of academic excellence and cultural vibrancy.

The institution cultivates an inclusive community that celebrates diversity in all its forms. The aim is to provide a supportive learning environment that nurtures the intellectual abilities of young learners and hone their life skills. Students have the opportunity to explore a diverse array of subjects spanning across science, arts and commerce disciplines. Dedicated faculty members inspire and support scholars in their pursuit of knowledge. The uniform syllabus prescribed by the University of Calcutta is enriched by add-on courses as well as certificate programmes. The New Education Policy (NEP) emphasizes application-based learning, value and skill enhancement. In order to enhance communicative, leadership and analytical skills, the college frequently organises student seminars and workshops. A spirit of teamwork is encouraged through various collaborative projects and group assignments. The teaching-learning programmes are marked with personal mentoring; students are motivated to participate in intra and inter college events and social welfare programmes. Periodic parent-teacher meetings are organised to discuss the overall progress of students and collaboratively find solutions to their academic or behavioral problems.

The College has an excellent infrastructure with a Wi-Fi enabled campus, ICT classrooms, well equipped teaching laboratories, a library with a rich collection of books, a spacious auditorium and a seminar hall with all modern amenities. The campus is well protected with security guards stationed at strategic points and CCTV surveillance installed throughout the premises. An on-campus affordable hostel facility is available for outstation candidates. Distribution of hostel rooms is in accordance to the merit list. The institution also has a Career Counselling Cell that actively assists students in taking informed decisions regarding their career aspirations and professional growth.

As we embark on a new academic year, I extend a warm welcome to our new batch of students and wish them a rewarding journey of academic excellence and personal growth. We believe in your potential and are committed to providing you with the best opportunities for your integrated enrichment.

# OUR INSTITUTION

## 1.1 History of the Institution

Victoria Institution, originally named as The Native Ladies Normal and Adult School, was founded on 1st February, 1871, by Brahmananda Keshub Chandra Sen under the auspices of the Indian Reform Association of which he was the President. The aim of the Institution as laid down by Keshub Chandra Sen was to build up a scheme of education “specially adapted to the requirement of the female mind and calculated to fit woman for her position in the society.” Education, he said, should be “both natural and national” and his followers pursued the aim with apostolic fervour while nurturing the Institution.

*Kamal Kutir, 1955*

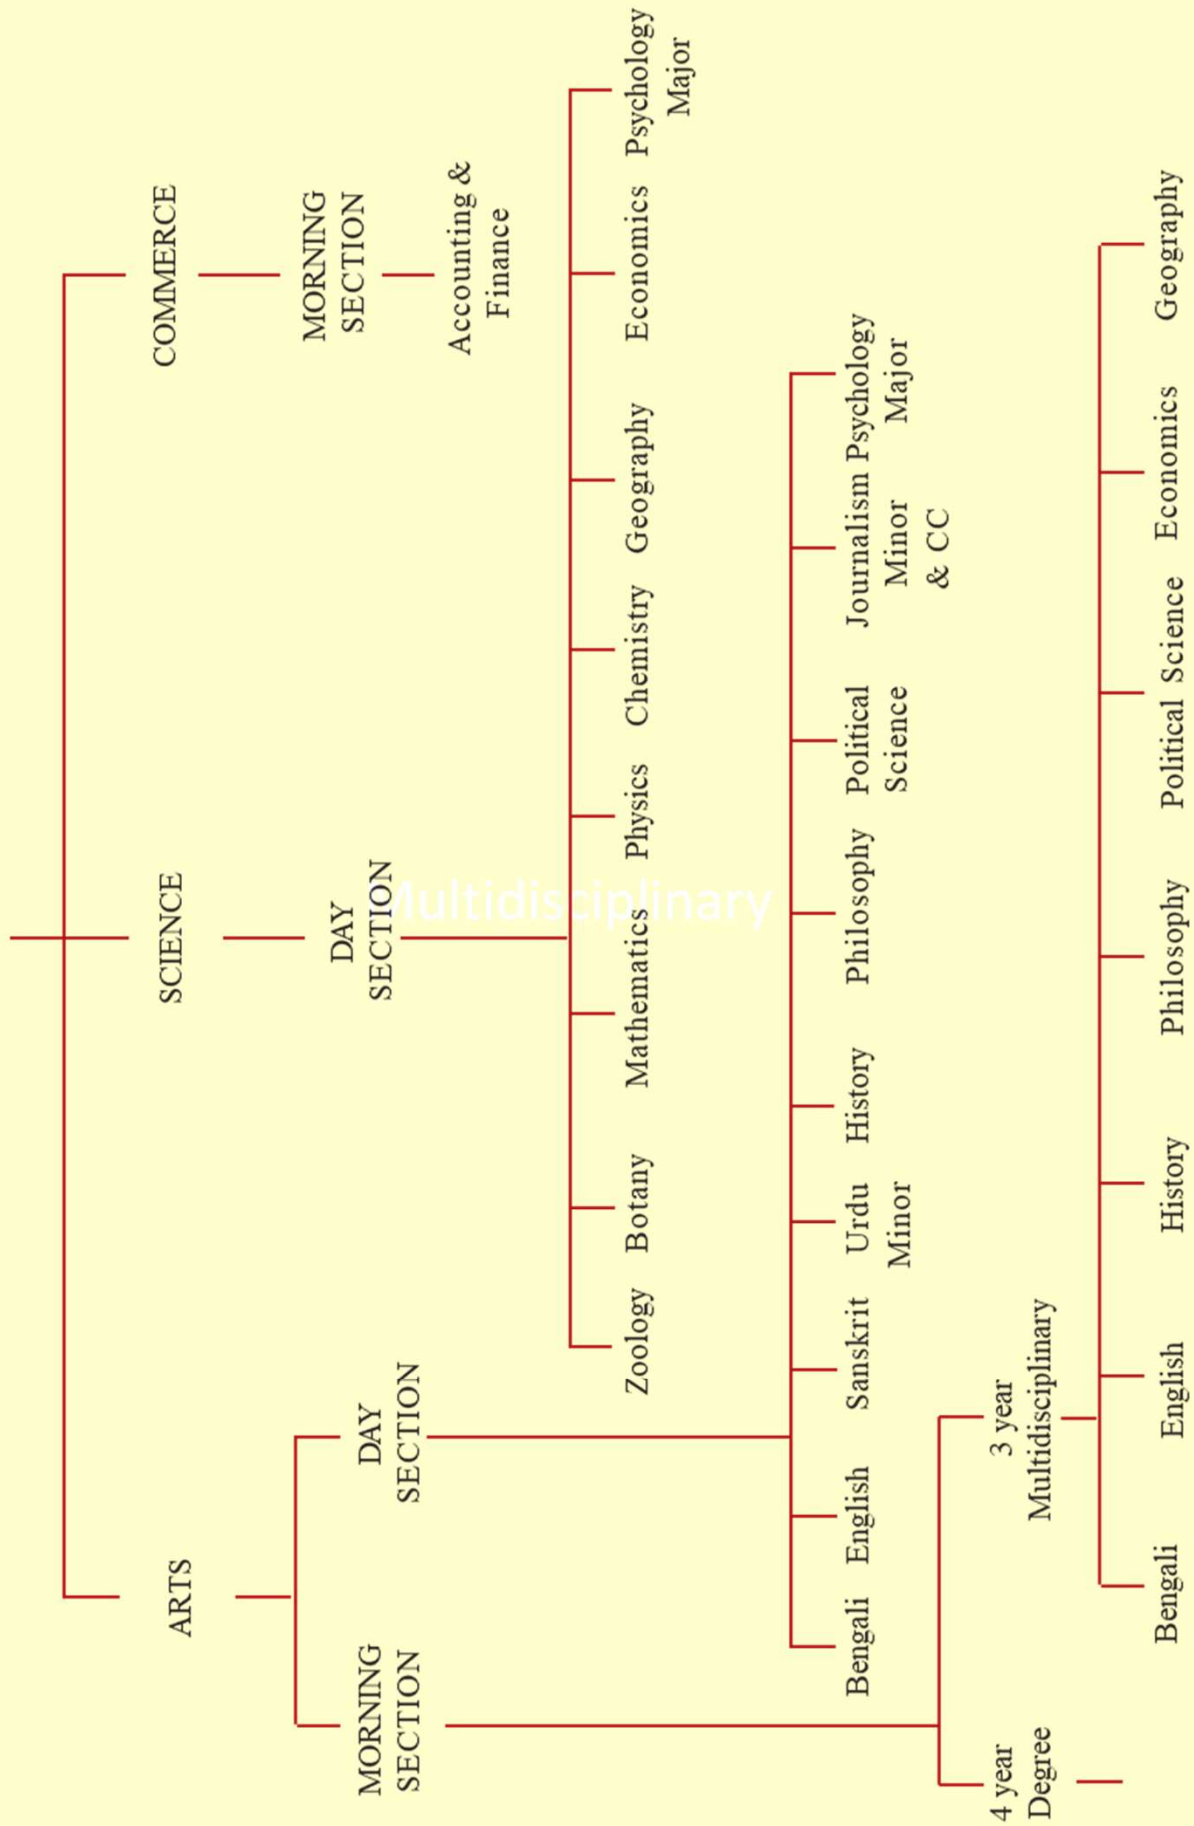

In 1932, the college section of the Institution was set up under the patronage of Maharani Suniti Devi, Maharani Sucharu Devi (daughters of Keshub Chandra) and other Board members among whom was Dr. Bidhan Chandra Roy who took keen interest in the growth of the Institution and remained associated with it till death.

The college which started I.A. course in 1932 soon became the first-grade women's college teaching up to B.A. Honours course in several subjects (1935). The science section of the college was opened in 1950. To meet the growing demand from the girls aspiring for higher education the Morning Section of the college was opened in 1963. In the Platinum Jubilee Year (2006-07) the college introduced B.Com. (Honours) course. At present the college has Arts, Science and Commerce sections conducting Honours and General courses for more than 2000 students. It is also a study center for distance education of Netaji Subhas Open University.

Over the years the goals and objectives of Victoria Institution (College) have been redefined keeping in mind Women's growing role in different sectors of public life. But Keshub Chandra Sen's “comprehensive scheme of education” through special lectures, distance education ('antapur shiksha'), vocational training and physical training still forms the core of the education system of Victoria Institution (College).

For nine decades Victoria Institution (College) has been rendering commendable service for the promotion of women's education in Bengal combining tradition with modernisation. The mission of the college is to realize the founder's dream of creating a generation of empowered women.
