ANNUAL REPORT

2018 - 2019

CONTENTS
ANNUAL ACTIVITIES OF 2018 – 2019

SERIAL	EVENT	CONDUCTED BY	DATE	Page Number
	Introduction	--	--	6
PART A: CURRICULUM BASED ACTIVITIES				
1.	Excursion to Silk route	Department of Botany	August 24 th to September 1 st , 2018	7
2.	Study Tour to Swami Vivekananda's Ancestral Home	Department of Philosophy	September 4 th , 2018	8
3.	Field Trip to Silk Route (Sikkim)	Department of Botany	September 24 th to October 1 st , 2018	9
4.	Survey Trip to Rincenpong (West Sikkim)	Department of Geography	October 2 nd to 10 th	10
5.	Study Tour at Variable Energy Cyclotron Centre	Department of Physics	January 7 th , 2019	11
6.	Local Excursion at Sonarpur for Vegetational Studies and Plant Collection	Department of Botany	January 11 th , 2019	12
7.	Field Visit to a place of wildlife interest (Gorumara and Jaldapara National Park)	Department of Zoology	January 17 th to January 22 nd , 2019	13
8.	Study Tour to Chandraketugarh	Department of History	February 1 st , 2019	14
9.	Educational Excursion to the Asutosh Museum of Indian Art, University of Calcutta	Department of Sanskrit	February 1 st , 2019	15
10.	Educational Trip to Acharya Jagadish	Department of Botany	February 20 th , 2019	16

	Chandra Bose Botanic Garden			
11.	Educational Tour	Department of Bengali	March 16 th , 2019	17
12.	Field Excursion on Physio-Cultural Survey of Pedong in Sikkim and its surroundings	Department of Geography	April 7 th to April 14 th , 2019	18
13.	Excursion to Lamahatta, North Bengal	Department of Botany	April 3 rd to April 6 th , 2019	19
14.	Workshop for Faculty Members	Department of Economics	May 13 th and 14 th , 2019	20
PART B: CO-CURRICULAR ACTIVITIES				
1.	Extension Lecture on <i>Vedic Literature</i>	Department of Sanskrit	September 8 th , 2018	21
2.	Extension Lecture on <i>Vyakaran and Sahitya Shastra</i>	Department of Sanskrit	September 20 th , 2018	22
3.	Extension Lecture on <i>Dialogue Circle: A Model for Community Integration and Development</i>	Department of Economics	October 10 th , 2018	23
4.	Science Awareness Programme for Students	Department of Physics	October 11 th , 2018	24
5.	Students' participation in an Experiment held at Variable Energy Cyclotron Centre as a part of INGA Campaign Phase-II	Department of Physics	November 30 th to December 6 th , 2018	25
6.	Wall magazine – <i>Polyphony</i>	Department of Political Science	December 4 th , 2018	26
7.	4 th Series of Extension Lecture for Students of Political	Department of Political Science	December 2018 to March 2019	27

	Science and Allied Social Sciences			
8.	Auditing and Survey of Butterflies	Department of Zoology	December 4 th , 2018	28
9.	Extension Lecture and Film show	Department of Economics	January 29 th , 2019	29
10.	Extension Lecture and Film show	Department of Political Science	March 24 th , 2019	30
11.	Special Lecture at Basanti Devi College	Department of Sanskrit	March 6 th , 2019	31
12.	Extension Lecture	Department of Philosophy	March 27 th , 2019	32
13.	Extension Lecture	Department of Mathematics	March 30 th , 2019	33
14.	Students' Seminar	Department of Mathematics	April 17 th , 2019	34
15.	Seminar and Extension Lecture on Biodiversity in context with Man- Animal conflict	Department of Zoology	April 24 th , 2019	35
16.	Literary Quiz with 2 nd Semester Students	Department of English	April 24 th , 2019	36
17.	Students' Seminar	Department of Physics	June 18 th , 2019	37
18.	Student's Participation in Summer Workshop	Department of Physics	May 28 th to June 7 th , 2019	38
PART C: EXTRA CURRICULAR ACTIVITIES				
1.	Award of Silver Medal at 8 th Asian Yoga Championship to Dayeeta Sarkar, Student of B.Sc. General Stream	N.A.	September 27 th to 30 th , 2018	39
2.	Swachh Bharat Abhiyan	NCC Cadets	October 2 nd , 2018	40
3.	Departmental Picnic	Department of Zoology	January 25 th , 2019	41

4.	Environmental awareness Project in college campus	Department of Zoology	February 6 th to February 15 th , 2019	42
5.	Parent Teacher Meeting	Department of Physics	March 26 th , 2019	43
6.	Parent Teacher Meeting	Department of Sanskrit	March 29 th , 2019	44
7.	Parent Teacher Meeting	Department of Mathematics	April 30 th , 2019	45
PART D: COMMEMORATIVE DAYS				
1.	Teacher's day Celebration by Students	Department of English	September 5 th , 2018	46
2.	Teacher's day Celebration by Students	Department of History	September 5 th , 2018	47
3.	Teacher's day Celebration by Students	Department of Mathematics	September 5 th , 2018	48
4.	Teacher's day Celebration by Students	Department of Physics	September 5 th , 2018	49
5.	Teacher's day Celebration by Students	Department of Political Science	September 5 th , 2018	50
6.	Teacher's day Celebration by Students	Department of Economics	September 20 th , 2018	51
7.	Teacher's day Celebration by Students	Department of Sanskrit	September 5 th , 2018	52
Conclusion And Analysis		--	--	53-54

Introduction

We, at Victoria Institution (College) believe in holistic education and all-round development of our students. In order to realise this, we encourage students to go beyond their text books and score sheets and out of the box learning in their everyday life at the college campus. We not only aim at supplementing class room teaching by inviting eminent academics and experts to deliver extension lectures, we also conduct seminars and talks where students participate as speakers and deliberate on the topic. Several departments also conduct study tours and field trips with the objective of providing a hands-on learning experience to the students. Students are also encouraged to engage themselves in various cultural activities, as well. Our students regularly volunteer in NCC and NSS activities which imparts in them a spirit of patriotism and social welfare.

PART A: CURRICULAR ACTIVITIES

1. Excursion to Silk Route Organised by Department of Botany

On 24th of September 2018, we started our journey with the students of part II Botany Hons. Students (16 students) for the phytogeographical studies and plant collection according to the 1+1+1 system syllabus of Botany hons. CU. Students were accompanied by Dr Aparna Pal, Smt. Sharmistha Basu and laboratory assistant Shri Hrishikesh Choudhury. The trip started from Lava - Loleygaon and finally we moved towards west Sikkim (Silk route). Throughout the excursion students learnt about the vegetation, phytogeographical distribution of flora and collected various plant specimens for herbarium preparation.

Kagyu Thechen Ling Monastery

At Rishop

2. Study tour organised by Department of Philosophy

Department of Philosophy took their students on a study trip on 4th September 2018 to Swami Vivekananda's ancestral home which has been turned into a cultural centre by the Ramakrishna Mission. The objective was to impart the Philosophy honours students with some first-hand experience over and above bookish knowledge. Through the trip students went through the spiritual journey undertaken by Swamiji at a young age. The audio-visual show and the book-store helped them to learn more about Swamiji.

3. Field trip conducted by Department of Botany

Department of Botany took their students to a field visit from 24th September 2018 to 1st October 2018 to the locales which fall under the fabled Silk Route of Sikkim. The trip was aimed at studying the community structure, local flora and phytogeographical character of the region.

4. Survey Trip organised by Department of Geography

A physio cultural survey was conducted by the department of Geography whereby they took their honours students in a trip to Rincenpong (West Sikkim) and its surroundings. The trip was conducted from 2nd to 10th October 2018.

5. Study Tour at Variable Energy Cyclotron Centre on 07/01/2019

A day long educational tour to the Variable Energy Cyclotron Centre (VECC) was arranged for the Hons students of 1st Semester and 2nd year on 7th January 2019. After an introductory lecture, the students were divided into two groups and were taken to different laboratories of the institution in turns. The scientific staff of VECC conducted the tour and explained the working principles of the various particle accelerators like the Room temperature Cyclotron, Superconducting Cyclotron, Radioactive Ion beam facilities along with the Linear accelerator. Students also visited the laboratory where indigenous fabricating of detectors are done as a part of the international collaboration LHC (Large Hadron Collider) . They had an interactive session with Dr. Premamoy Ghosh, senior scientist of VECC. This activity of the Department was conducted to give our students a glimpse into some of the research work being done in Physics. Twenty-five students participated in this educational tour and were accompanied by the teachers of the department, Dr. Gayatri Pal, Dr. Subhendu Chandra and Dr. Shinjinee Das Gupta.

6. Local excursion conducted by Department of Botany

On 11/1/2019, students of 2nd year (Honours and General) and 2nd semester (Honours) went to local excursion with Dr. Aparna Pal, Dr. Sudip Kumar Sinha, Smt. Sharmistha Basu, Smt. Aditi Dey, Smt. Payel Chatterjee and laboratory assistant Shri Hrishikesh Choudhury at Sonarpur for vegetational studies and plant collection. Total 47 students joined the field excursion.

Plant collection at Sonarpur

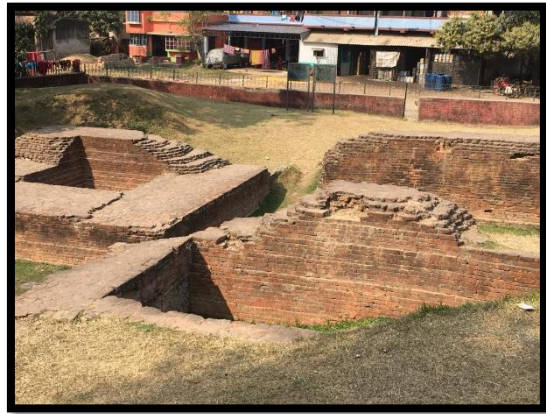

7. Field Visit to a place of wildlife interest (Gorumara and Jaldapara National Park)

A group of 18 second year Zoology Hons students visited Gorumara and Jaldapara National Parks, at North Bengal for studying animal diversity and their habit and habitat at these places of wild life interest under the supervision of two departmental teachers Dr. Sucharita Saha and Sumalkya Karmakar. They also visited some local panchayat offices to collect deta about the economic condition of local people, man- animal conflict cases, rate of literacy and employment, source of income etc. They also visited to a Crocodile Zoo at Phuentsholing, Bhutan and gathered some knowledge about Crocodile breeding programs.

8. Excursion to Chandraketugarh

Department of History organized an educational tour to Chandraketugarh archaeological site, museum and Berachapa zamindar house. The tour was organized on 1st February 2019. Students of 3rd semester were accompanied by three faculty members namely Suchandra Guha, Jiaul Anam Molla, Krishna Sarkar and Nandini Ghosh. Forty-four (44) Students were taken to the Chandraketugarh museum first by a Volvo bus organized by the department. From there, 2300-year-old archaeological site was visited. Last stop was the zamindar house of Berachapa. Chandraketugarh was once an important coastal hub in international trade, now a barren mound.

9. Educational Excursion to the Asutosh Museum of Indian Art, Department of Sanskrit

Educational Excursion to the Asutosh Museum of Indian Art, University of Calcutta has been conducted by the Department of Sanskrit on February 1st, 2019. Around 25 students and six teachers of the department has visited the Museum. Semester I, 2nd year and 3rd year students started their journey from the college premises and after a daylong visit to the museum, they gathered some valuable knowledge and experience about Indian art and sculpture including the Indian antiquity and archaeology. Students were overwhelmed by watching the artifacts comprising terracotta figurines, folk art objects, textiles and many more. It has left all of them with a memorable experience.

Educational Excursion
to Asutosh Museum of
Indian Art, University
of Calcutta

Department

Sanskrit

10. Educational Trip to Acharya Jagadish Chandra Bose Botanic Garden

Visit to Acharya Jagadish Chandra Bose Indian Botanic Garden on 20/2/2019 with students of semester II Botany honours, Botany honours Part III and semester II Botany General students. Total number of students were 45. Students gained knowledge regarding various plants, observed their habitat, documented the names of the plants, ferns, and other medicinally important plants. We also visited the CNH where a demonstration regarding the preparation and preservation of herbarium was given by an expert researcher.

Our group at Central National Herbarium

Students in front of large palm house

11. Educational trip to Raja Ram Mohan Roy Museum: Department of Bengali

The department of Bengali took their honours students to a day trip to Raja Rammohun Roy's ancestral home turned museum on March 10th, 2019. Students enriched themselves with the history of Bengal renaissance which has a lot of bearing on Bengali literature. The artefacts consisted of Roy's personal usage, pictures, portraits, furniture etc.

12. Report of Field trip organised by the Department of Geography

A field trip was organised with the 40 students of 2nd year (Honours) to Pedong and Silk Route in Sikkim from 7th April to 14th April 2019.

They were accompanied by 3 teachers of the department and 2 non-teaching staffs. They studied the physical and socio-cultural aspects of the fields' area and prepared a field report "Physico-cultural Survey of Pedong in Sikkim and its surroundings.

13. Report of Field trip organised by the Department of Botany

Long excursion to Lamahatta, North Bengal on 3/4/2019 to 6/4/2019 with the students of semester II Botany Honours for study of Pteridophytes and Gymnosperms in their natural habitat. They were escorted by Dr. Sudip Kumar Sinha and Smt. Aditi Dey and laboratory assistant Shri Hrishikesh Choudhury. Total 22 students participated in this long excursion and gained knowledge about the habit, habitat, and distribution of Archegoniates in their natural habitats.

14. Report on Two-Day Workshop Organized by the Department of Economics on 13th and 14th May 2019

The Department of Economics, Victoria Institution (College) organized a two-day workshop on 'Topics from Semester III ECOA under CBCS, University of Calcutta'. Two distinguished Professors from the Economics Department, Calcutta University, Prof. Kaushik Gupta and Prof. Panchanan Das discussed some topics to be taught in Semester III from the newly introduced CBCS Curriculum. The workshop was inaugurated by Prof. Sudakshina Gupta, the Chairman of UGBOS Economics and the then Dean of Arts, Calcutta University. Seventy teachers from different colleges under Calcutta University, teaching undergraduate Economics, participated in the two-day workshop. The participants opined that the workshop would be immensely helpful for them teaching Semester III students in the forthcoming academic session. Certificates were distributed to the participants at the end of the two-day workshop.

PART B: CO-CURRICULAR ACTIVITIES

1.Extension Lecture Organised by Department of Sanskrit

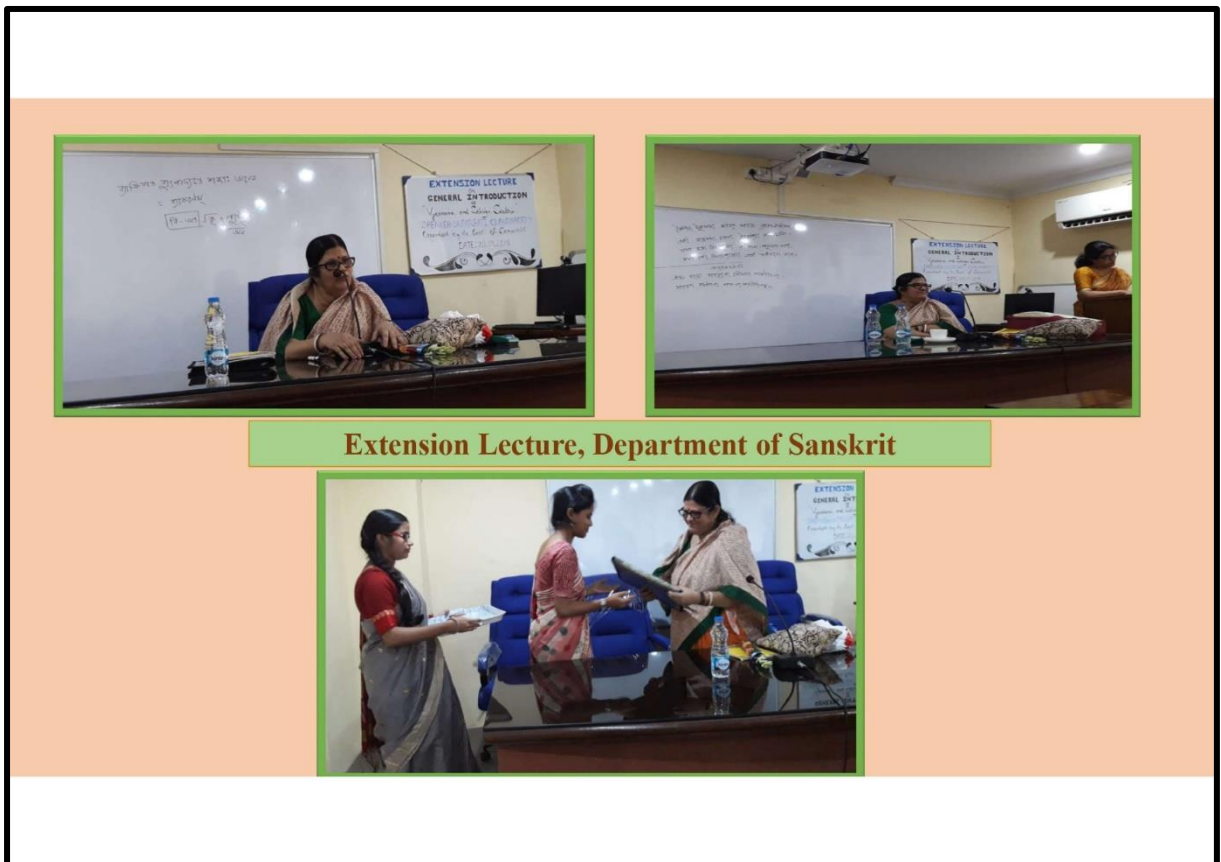

An Extension Lecture on “Vedic Literature” has been organised on 8th September, 2018 by the Department of Sanskrit. 25 students of Semester I along with 2nd year and 3rd year honours students of the department have participated in the lecture. The lecture has been delivered by Professor Mou Dasgupta, faculty from the department of Sanskrit, University of Calcutta. Six teachers of the department have also participated in the programme. The resource person delivered her lecture in a very lucid manner so that students can understand the concept and chronology of Vedic Literature. After the lecture, a question-answer session helped the students to clarify all the doubts. Students participated in the event with great enthusiasm.

2. Extension Lecture Organised by Department of Sanskrit

An Extension Lecture on “General Introduction to Vyākaraṇa & Sāhitya Śāstra” has been organised by the Department of Sanskrit on September 20, 2018. The lecture was delivered by eminent scholar Dr. Parbati Chakraborty, Professor, Department of Sanskrit, Rabindra Bharati University.

The topic of the Extension Lecture was very interesting to the students and very much relevant to the current syllabus of CBCS system. The speaker presented a brief outline of the history and content of Sanskrit Vyākaraṇa (Grammar) and Sanskrit Sāhitya Śāstra (Poetics) in quite a lucid manner. At the end of her illuminating lecture, few minutes were also spent for the question-answer session, in which the speaker fully satisfied the curiosity of both the students and the teachers.

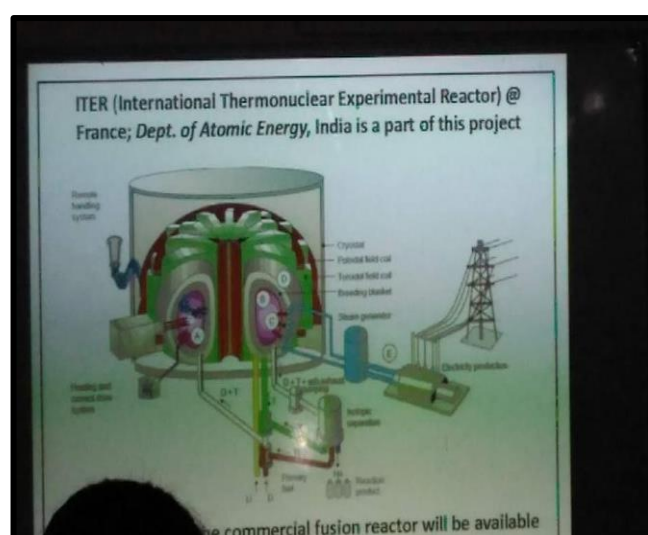

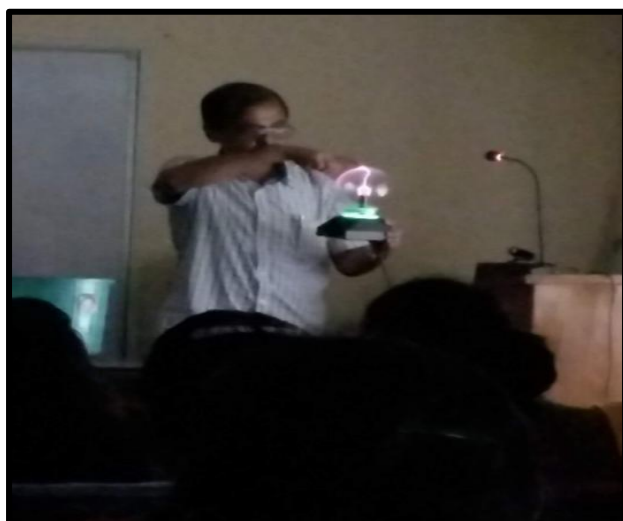

3. Extension Lecture Organised by Department of Economics

Department of Economics had invited Smt. Koyali Burman, a field researcher based in Canada to deliver a lecture on *Dialogue Circle: A Model for Community Integration and Development* on October 10th 2018. Smt. Barman talked about developing a non-judgemental platform where participants would be able to share their thoughts and experiences freely. Students as well as the teachers of the department participated in this lecture with great enthusiasm and decided on implementing this model of communication by establishing an interface between various batches of students graduating in Economics from Victoria Institution (College).

4. Science Awareness Programme for Students organised by Department of Physics

Department of Physics, Victoria Institution (College) organized a day long Science Awareness Programme on 11/10/2018. Scientists from the ANURANAN-Science Awareness, a non-profit Society delivered lectures. Theme of the pre-lunch session was ‘Universe and its mysteries,’ which included three presentations (, ‘Measuring Cosmos’, ‘Evolution of Universe with time’ and ‘Energy options and materials science research’) followed by a lecture on ‘Science into our experience’. Resource persons who graced the event were Dr. Siddhartha De Choudhury, Scientific Officer, Variable Energy Cyclotron Center (VECC), Dr. Dirtha Sanyal, Scientific Officer (VECC), Dr. Debashis Bhowmick, Scientific Officer (VECC), Dr. Amit Kumar Jana. Nearly 40 students participated in the event and enjoyed thoroughly.

5. Participation in an Experiment held at Variable Energy Cyclotron Centre as a part of INGA Campaign Phases - II

Dr. Shinjinee Das Gupta, Assistant Professor of Physics, VIC had performed an experiment on Spectroscopic Studies of ^{197}Hg as Principal Investigator at Variable Energy Cyclotron Centre during 30/11/2018 to 06/12/2018. This experiment was carried out as a part of the of INGA Campaign Phase –II. She had collaboration with the INGA group of VECC, UGC-DAE-CSR, KC and others.

Two of our final year (3rd year) Hons. students Sangeeta Majumdar and Rupsa Banik got the opportunity to participate in the above-mentioned experiment. In this process they were introduced to the research activities going on in the Gamma Spectroscopy field (a branch of Experimental Nuclear Physics). Results of the above experiment was reported in the DAE Symposium on Nuclear Physics, 2019. Relevant portion of the above-mentioned conference proceeding is attached herewith.

Spectroscopic study of ^{197}Hg

Introduction

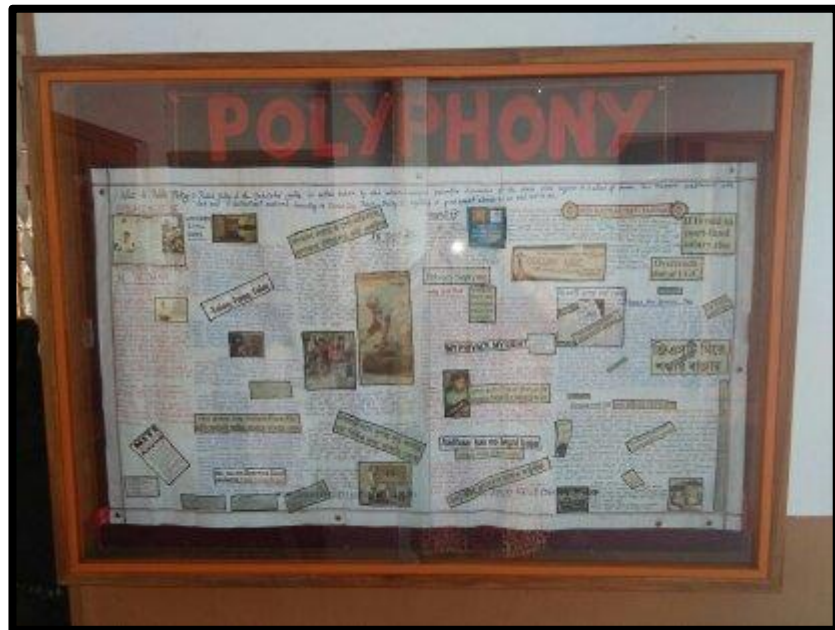

Mass 190 region is a rich testing ground for the detail study of nuclear collective motion and its coupling with single particle. In order to study the shape driving effects caused by the intruder orbitals (mainly $\pi h_{11/2}$ and $\nu i_{13/2}$) knowledge of definite spin parity of the levels are very important. Some of the common features of odd mass Hg isotopes are: a $(\nu i_{13/2}^-)$ decoupled positive parity band built on an isomeric $13/2^+$ level [1,2]. Another negative parity semi decoupled band of $\Delta I=2$ sequence is also observed starting from $21/2^-$ state [3]. The levels of $13/2^+$ band of odd mass Hg isotopes around 190 mass region have similar feature with the

Experiment

The levels of ^{197}Hg were populated via the fusion evaporation reaction where a 7mg/cm^2 thick self supported enriched ^{198}Pt foil was used as the target and alpha beam @ 52 MeV from the K-130 Cyclotron of VECC was the projectile. This experiment was a part of the VECC-INGA phase II campaign where 8 Compton suppressed Clover detectors and 2 LEPS detectors were used to detect the gamma rays. The set up is shown in Fig 1. 5 Clovers were set at 90° , two at 125° and the other at 40° . And the two LEPS were set at 40° and 90° respectively. Time stamped list mode data both in singles and coincidence mode were taken using the digital data acquisition

6. Wall Magazine: Department of Political Science

The students of the department of Political Science published their annual wall magazine titled Polyphony on December 2018. It was themed on the abrogation of section 377 of the Indian Penal Code and was very thoughtfully titled *Bharat Premkatha*.

7. 4th series of Extension Lecture organised by Department of Political Science

In continuation with the previous years, the department of Political Science organised the 4th Series of Extension Lecture from December 2018 to March 2019, with financial assistance from the Indian Council of Social Science Research, Eastern Regional Centre, Kolkata. Lectures in the said series were delivered by eminent resource persons, like Professor Sobhanlal Dattagupta (Former Surendranath Banerjee Chair of the Department of Political Science, University of Calcutta), Professor Tapan Kumar Chattopadhyay (Former Professor, Department of Political Science, University of Calcutta), Professor Shibashis Chatterjee (Professor, Department of International Relations, Jadavpur University), Professor Dipankar Sinha (Faculty, Department of Political Science, University of Calcutta), Professor Manabi Majumdar (Faculty, CSSS Kolkata), Professor Pradip Basu (Faculty, Department of Political Science, Presidency University). Around 65 students participated in all the lectures.

8. Auditing and Survey of Butterflies: Department of Zoology

Field trip to Chintamani Kar Bird Sanctuary for Auditing and Survey of Butterflies conducted by Department of Zoology on 25th January, 2019.

9. **Report on Extension Lecture and Film Show Organised by the Department of Economics**

The Department of Economics organised an Extension Lecture on Co-operative movement in India followed by a film show for its students on 29th January 2019. Dr. Chitrita Bhowmick, an Assistant Professor of the Department explained the evolution of co-operatives in India, its meaning, and functions very lucidly for the students. Her lecture was followed by the screening of '*Manthan*' - a film on the evolution of co-operative milk production and marketing in India- directed by Shyam Benegal. Thirty students and the teachers took part in the programme. The students asked questions to the speaker and enjoyed the film show.

10. Film Screening: Department of Political Science

Department of Political Science had organised a documentary film screening on Naxalbari Movement on March 24th 2019. This film was screened as a supplement to an extension lecture delivered the previous day on the issue of Naxalbari Movement. The documentary that was screened was entitled *S.D.: Saroj Dutta & His Times* directed by Kasturi Basu and Mitali Biswas. The screening was followed up by a discussion session between the students and the maker. Around 70 students and around 10 teachers belonging to other departments had attended the screening at Keshub Memorial Hall.

11. Special Lecture at Basanti Devi College organised by Department of Sanskrit

On 6th March, 2019 a special lecture held at Basanti Devi College organised by the Department of Sanskrit in collaboration with IQAC on "Śrīmadbhagavadgītār dṛṣṭite karma o jñāner samuccaya", delivered by Swami Japasiddhananda, Head, Department of Sanskrit Studies, School of Heritage Ramakrishna Mission Vivekananda Educational and Research Institute, Belur. The lecture was related to the syllabus of Semester II. Students from Semester II with their faculty members of Sanskrit Department, Victoria Institution (College) participated in the seminar. The students were fascinated with the learning and take- aways from the scholarly inputs of resource persons.

12. Extension Lecture: Department of Philosophy

On 27th of March, 2019, Wednesday, Professor Subir Ranjan Bhattacharyya, former Professor and Head, Department of Philosophy, University of Calcutta, visited our department as a resource person to speak on Immanuel Kant, the eminent German Philosopher, for the benefit of the students. Professor Bhattacharyya is a notable person in the field of Philosophy.

He, however concentrated on *The Critique of Pure Reason*- the book of repute by Kant. In this book Kant aims to show the limits of what can be known by theoretical reason, and his strategy depends on a distinction between 'phenomena,' objects as we experience them, and 'noumena', i.e., objects as they exist in themselves. He confined his conclusions to the world of experience; Kant can meet the threat of skepticism and put natural science on a firm foundation. The lecture was followed by a question answer session. Around fifty-five students attended the programme.

13. Extension Lecture organised by the Department of Mathematics

Department of **Mathematics** arranged an Extension Lecture by Prof. (Dr.) Avishek Adhikary, an eminent Mathematician, Presidency University on **30.03.2019** at Suniti Sabhaghar. The topic was “Internet and Mathematics”. Thirty five students got the opportunity to interact with the speaker and were enriched by his thoughts and views.

14. Students Participation in Seminar: Department of Mathematics

The department of Mathematics has always been encouraging students to participate in activities related to academics, career as well as wellness and life processes. Participation of the students in the Students' Seminar at K.K. Das College under the supervision of Dr. Anjana Bhattacharyya was one such event. 16 students of Sem II honours experienced talks by eminent Mathematicians at K K Das College on **17.04.2019**. Students also got certificates of participation from the host college.

Students Seminar at K K Das College, 2019

15.Seminar and Extension Lecture on ‘BIODIVERSITY: IN CONTEXT WITH MAN-ANIMAL CONFLICT’ organized by Department of Zoology

Conflict between humans and animals is one of the main threats to the long-term survival of some of the world’s most iconic species.

Honorable speaker of the seminar was Dr. Kuladeep Roy, WWF, India.

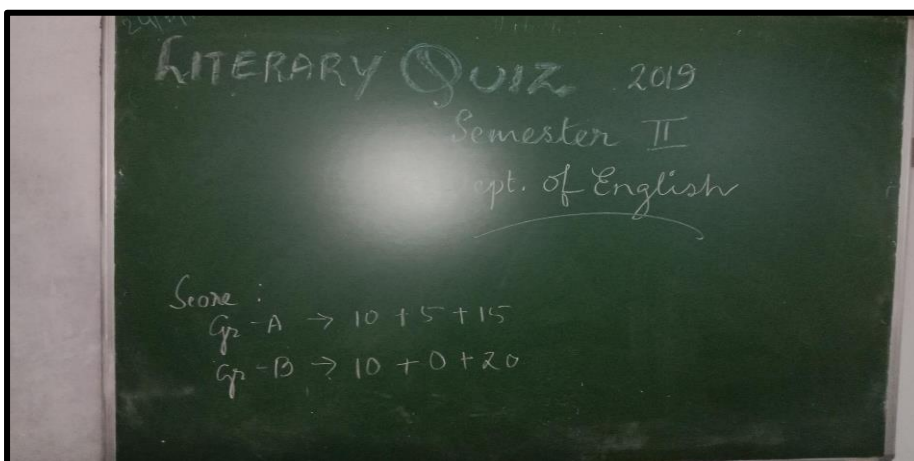

20 students of 3rd year (Hons) and 21 students of Sem1 (Hons) of 2019 and 5, faculty members of were present.

All the participants were enriched with this burning scenario of Man- Animal conflicts in the eastern Himalayas, it's implications and long-term ecological impacts.

16. Quiz with Semester II Students: Department of English

The Semester II English Honours students participated in a Literary Quiz Competition, internally organized by department on 24th of April, 2019 in Room 31. The quiz was conducted by Smt. Sananda Laha, and was attended by 35 students of the 2nd semester batch. The students were divided into two groups and the questions asked in the contest mainly focused on the latest, upcoming works and new authors and budding literary figures. The main objective was to encourage the students to read beyond their immediate syllabus, and keep themselves updated as well. The students participated with great enthusiasm, they gave each other a tough competition, and of course were enriched in the process.

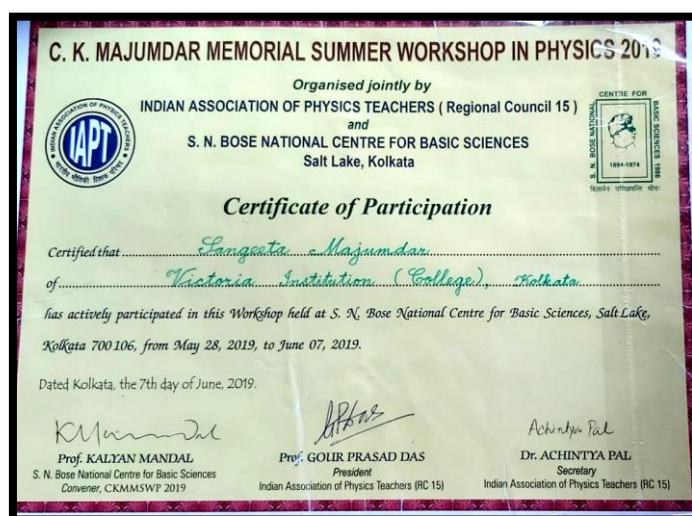

17. Students' Seminar: Department of Physics

In 2018 the University of Calcutta has introduced a new syllabus in Physics as per CBCS curriculum where the theoretical part has been modified and some new experiments have been introduced in the syllabus of 2nd Sem (H). The students performed all the experiments very carefully as per the instructions of the teachers. The department of Physics had organized a departmental students' seminar on 18/06/2019 to develop their experimental knowledge and upgrade their skill in performing new experiments introduced in the CBCS curriculum. 10 students have participated in this seminar at Room no. 6 in the science building of our college to discuss the various experiments in the syllabus of 2nd Sem (H). Each student was allotted with one or two experiments just one week before the date of commencement of the presentation. The students studied the allotted experiments and thus prepared themselves for presentation. Most of them efficiently explained the methods incorporated, theories used and explained the different uses of the experiments. The teachers cleared their doubts wherever necessary and enhanced their interests on experiments of Electricity-Magnetism and Wave-Optics by which they will be able to tackle practical examination specially viva-voce efficiently at outside Cent

18. Student's Participation in Summer Workshop: Department of Physics

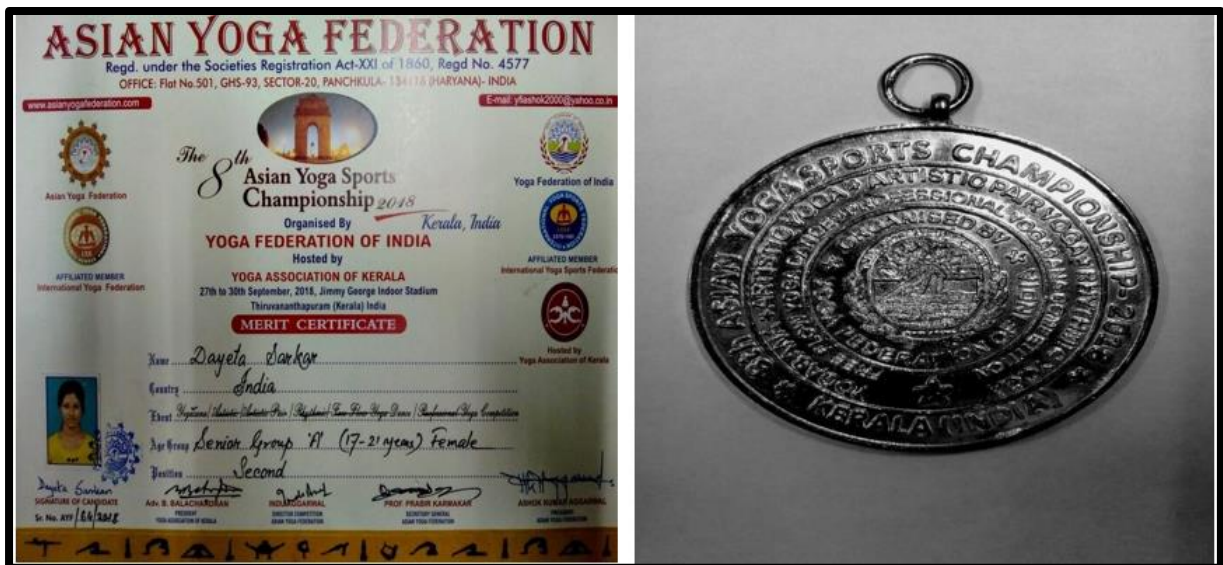

One of our final year student Sangeeta Majumder was selected to participate in the C.K. Majumdar Memorial Summer Workshop in Physics, 2019 conducted by the Indian Association of Physics Teachers, Regional Council 15 and S.N. Bose National Centre for Basic Sciences during 28/05/2019-07/06/2019. This programme was held at the Auditorium of SNBNCBS. This was a great opportunity and achievement for her to be selected as one of the participants of this prestigious workshop in Physics among many applicants from all over India. She gained a thorough knowledge (both theoretical and experimental) on recent advances of physics in this workshop which helped her in higher studies.

PART C: EXTRA CURRICULAR ACTIVITIES

1. Participation at 8th Yoga Asian Championship

Dayeeta Sarkar of B.Sc. general stream, was awarded silver medal at the 8th Asian Yoga Championship 2018 organised by Yoga Federation of India hosted by Yoga Association of Kerala from September 27th to 30th, 2018.

2. Swachh Bharat Abhiyan: NCC

NCC cadets of our college carried out an activity of cleaning the neighbourhood and they also painted neighbourhood walls trying to spread awareness among common people about the rewards of cleanliness and hygiene. This initiative was carried out on October 2nd 2018.

3. One-day Departmental Picnic organised by Department of Zoology

A one-day Departmental Picnic organised by Department of Zoology on 25th January, 2019 with 1st year, 2nd year and 3rd year Honours Students at Badu, North 24 Parganas.

4. Environmental Awareness Project in College Campus

Environmental awareness project in college campus and Saltlake Bio- Diversity Park conducted by Department of Zoology on 6/2/2019, 14/2/2019 and 15/2/2019 for Comparative study of Avifauna in Victoria Institution (College) Garden and Central Park of Saltlake.

5. Report on Parent Teachers Meeting conducted by Department of Physics

A parent teacher meeting was conducted by the Department of Physics on 26.03.2019 in presence of Principal, Dr. Nibedita Chakrabarty and all the faculty members. Ten 2nd Sem Physics hons students of first batch of CBCS attended the meeting with their parents at Suniti Sabhaghar at 12:30PM.

Principal Madam started the event by highlighting the need of this kind of meeting. Next our HOD, Dr. Subhendu Chandra briefly outlined the regulations of our department. Special importance was given on attending regular classes which also carry marks in the newly introduced CBCS system.

Also the academic performances of individual students in midterm 1st Semester, class tests, laboratory were discussed. An interactive session took place between individual guardian and the teachers of the department. The meeting ended with vote of thanks to the guardian for spending their valuable time with teachers.

6. Report on Parent Teachers Meeting conducted by Department of Sanskrit

A parent teacher meeting was conducted by the Department of Sanskrit on 29.03.2019 in presence of Principal, Dr. Nibedita Chakrabarty and all the faculty members.

Principal Madam started the event by highlighting the need of this kind of meeting. The academic performances of individual students in midterm 1st Semester, class tests were discussed. An interactive session took place between individual guardian and the teachers of the department. The meeting ended with vote of thanks to the guardian for spending their valuable time with teachers.

7. Report on Parent Teachers Meeting conducted by Department of Mathematics

Mathematics department arranged Parent Teacher Student meeting on **30.04.2019** as is being done every year for 1st year students. This interactive session provides the opportunity to the teachers to know about the social background of the students as well as to make the parents aware of the academic and behavioral activities of their daughters.

PART D: COMMEMORATIVE DAYS

1. Teachers' Day Celebration: Department of English

The students of the English Department yet again arranged a beautiful cultural programme on Teachers' Day to show their love and respect for their mentors. The highlight of this year's programme being the beautiful decorations made by the students, their many skilful presentations and the wonderful teacher- student interaction - purely informal heart to heart chat; old memories shared and some new memories being created in the process

2. Teachers' Day Celebration, Department of History

Students of Economics honours expressed their gratitude towards their teachers by celebrating Teachers' Day with a medley of cultural performances on September 5th 2018.

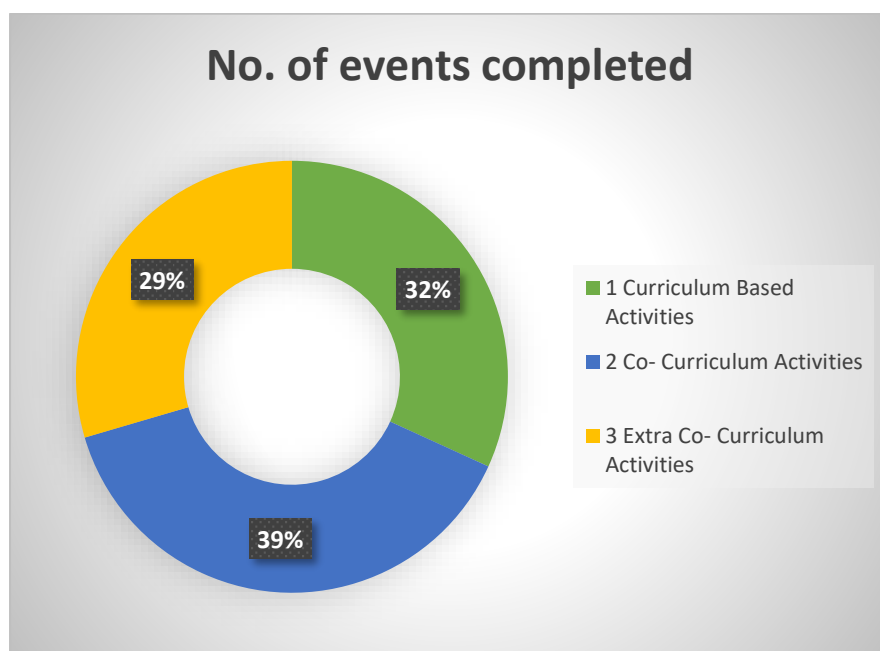

7. Teachers' Day Celebration, Department of Sanskrit

The Teachers' Day Programme has been celebrated on September 5th, 2018 by the students of Semester I, 2nd year and 3rd year of the Department of Sanskrit. Around 30 students have attended the event. They beautifully decorated the class room with balloons and paper cutting. The students also arranged beautiful handmade gifts for the teachers which has been presented by them to the teachers. The students then also performed dances, recitation and singing. The teachers talked about the importance of the day and they have praised a lot for their wonderful arrangement and performances.

Conclusion:

The College has conducted several Student Activities which have been stratified into three categories, viz: Curriculum Based Activities, Co-Curricular Activities and Extra Co-Curricular Activities. The below diagram shows the distributions of the events classified into the three stratifications. The graph below shows that there was almost an equal emphasis on the Curriculum Based activities vis –a – vis on the Co-Curriculum Activities and the students got the chance of developing themselves through Extra Co-Curricular Activities, besides developing hard skills and soft skills.

Sl. No	Students Activities	Number of events completed
1	Curriculum Based Activities	14
2	Co- Curriculum Activities	18
3	Extra Co- Curriculum Activities	7

Apart from the above mentioned activities, the students of all the Departments of the College organised Teacher's Day Celebrations under the fourth category – Commemorative Days. On that celebration, the students paid obeisance to Bharat Ratna Dr. Sarvepalli Radhakrishnan and also got the opportunity to express their gratefulness and respect to the teachers of the college.
